# Bonding Authorization for the USU Electric Vehicle and Roadway Facility Expansion

Presented By: Vice President David T. Cowley

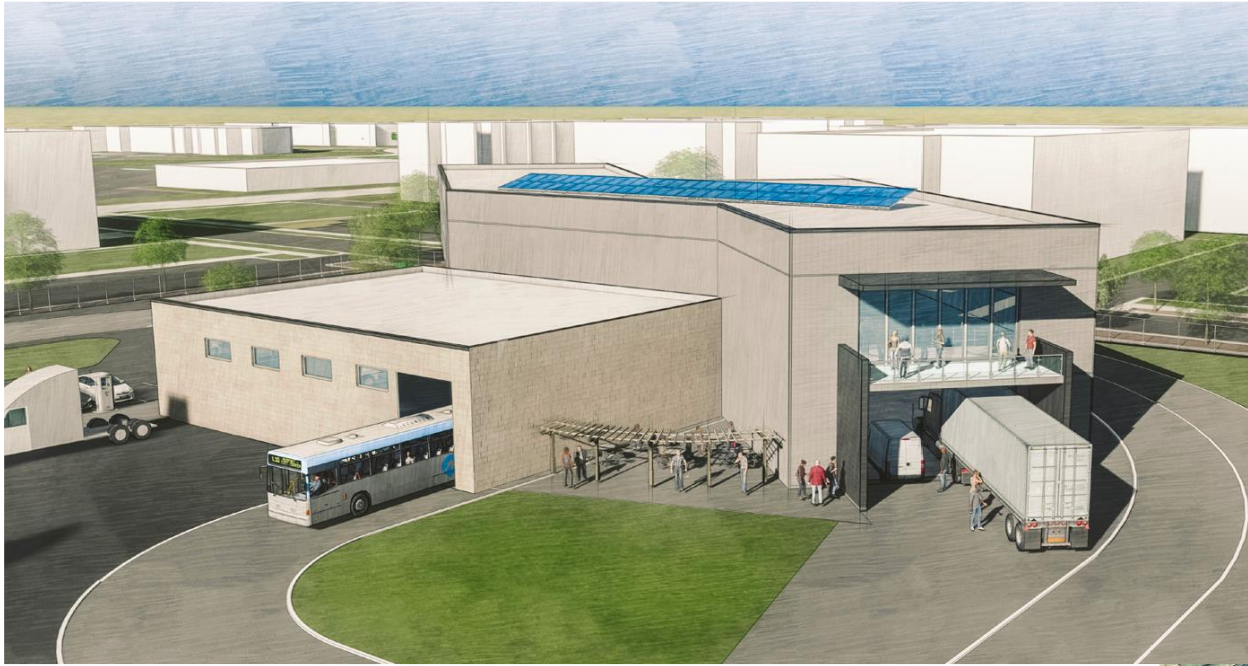

**UtahStateUniversity**

# ELECTRIC VEHICLE AND ROADWAY FACILITY

USU seeks bonding authorization to fund the expansion of the existing Electric Vehicle and Roadway building and track facilities to accommodate ASPIRE, a new program.

# ELECTRIC VEHICLE AND ROADWAY FACILITY

## Level Two

- Addition of flexible student workstations, open break-out space, conference rooms, and staff offices.

## Level One

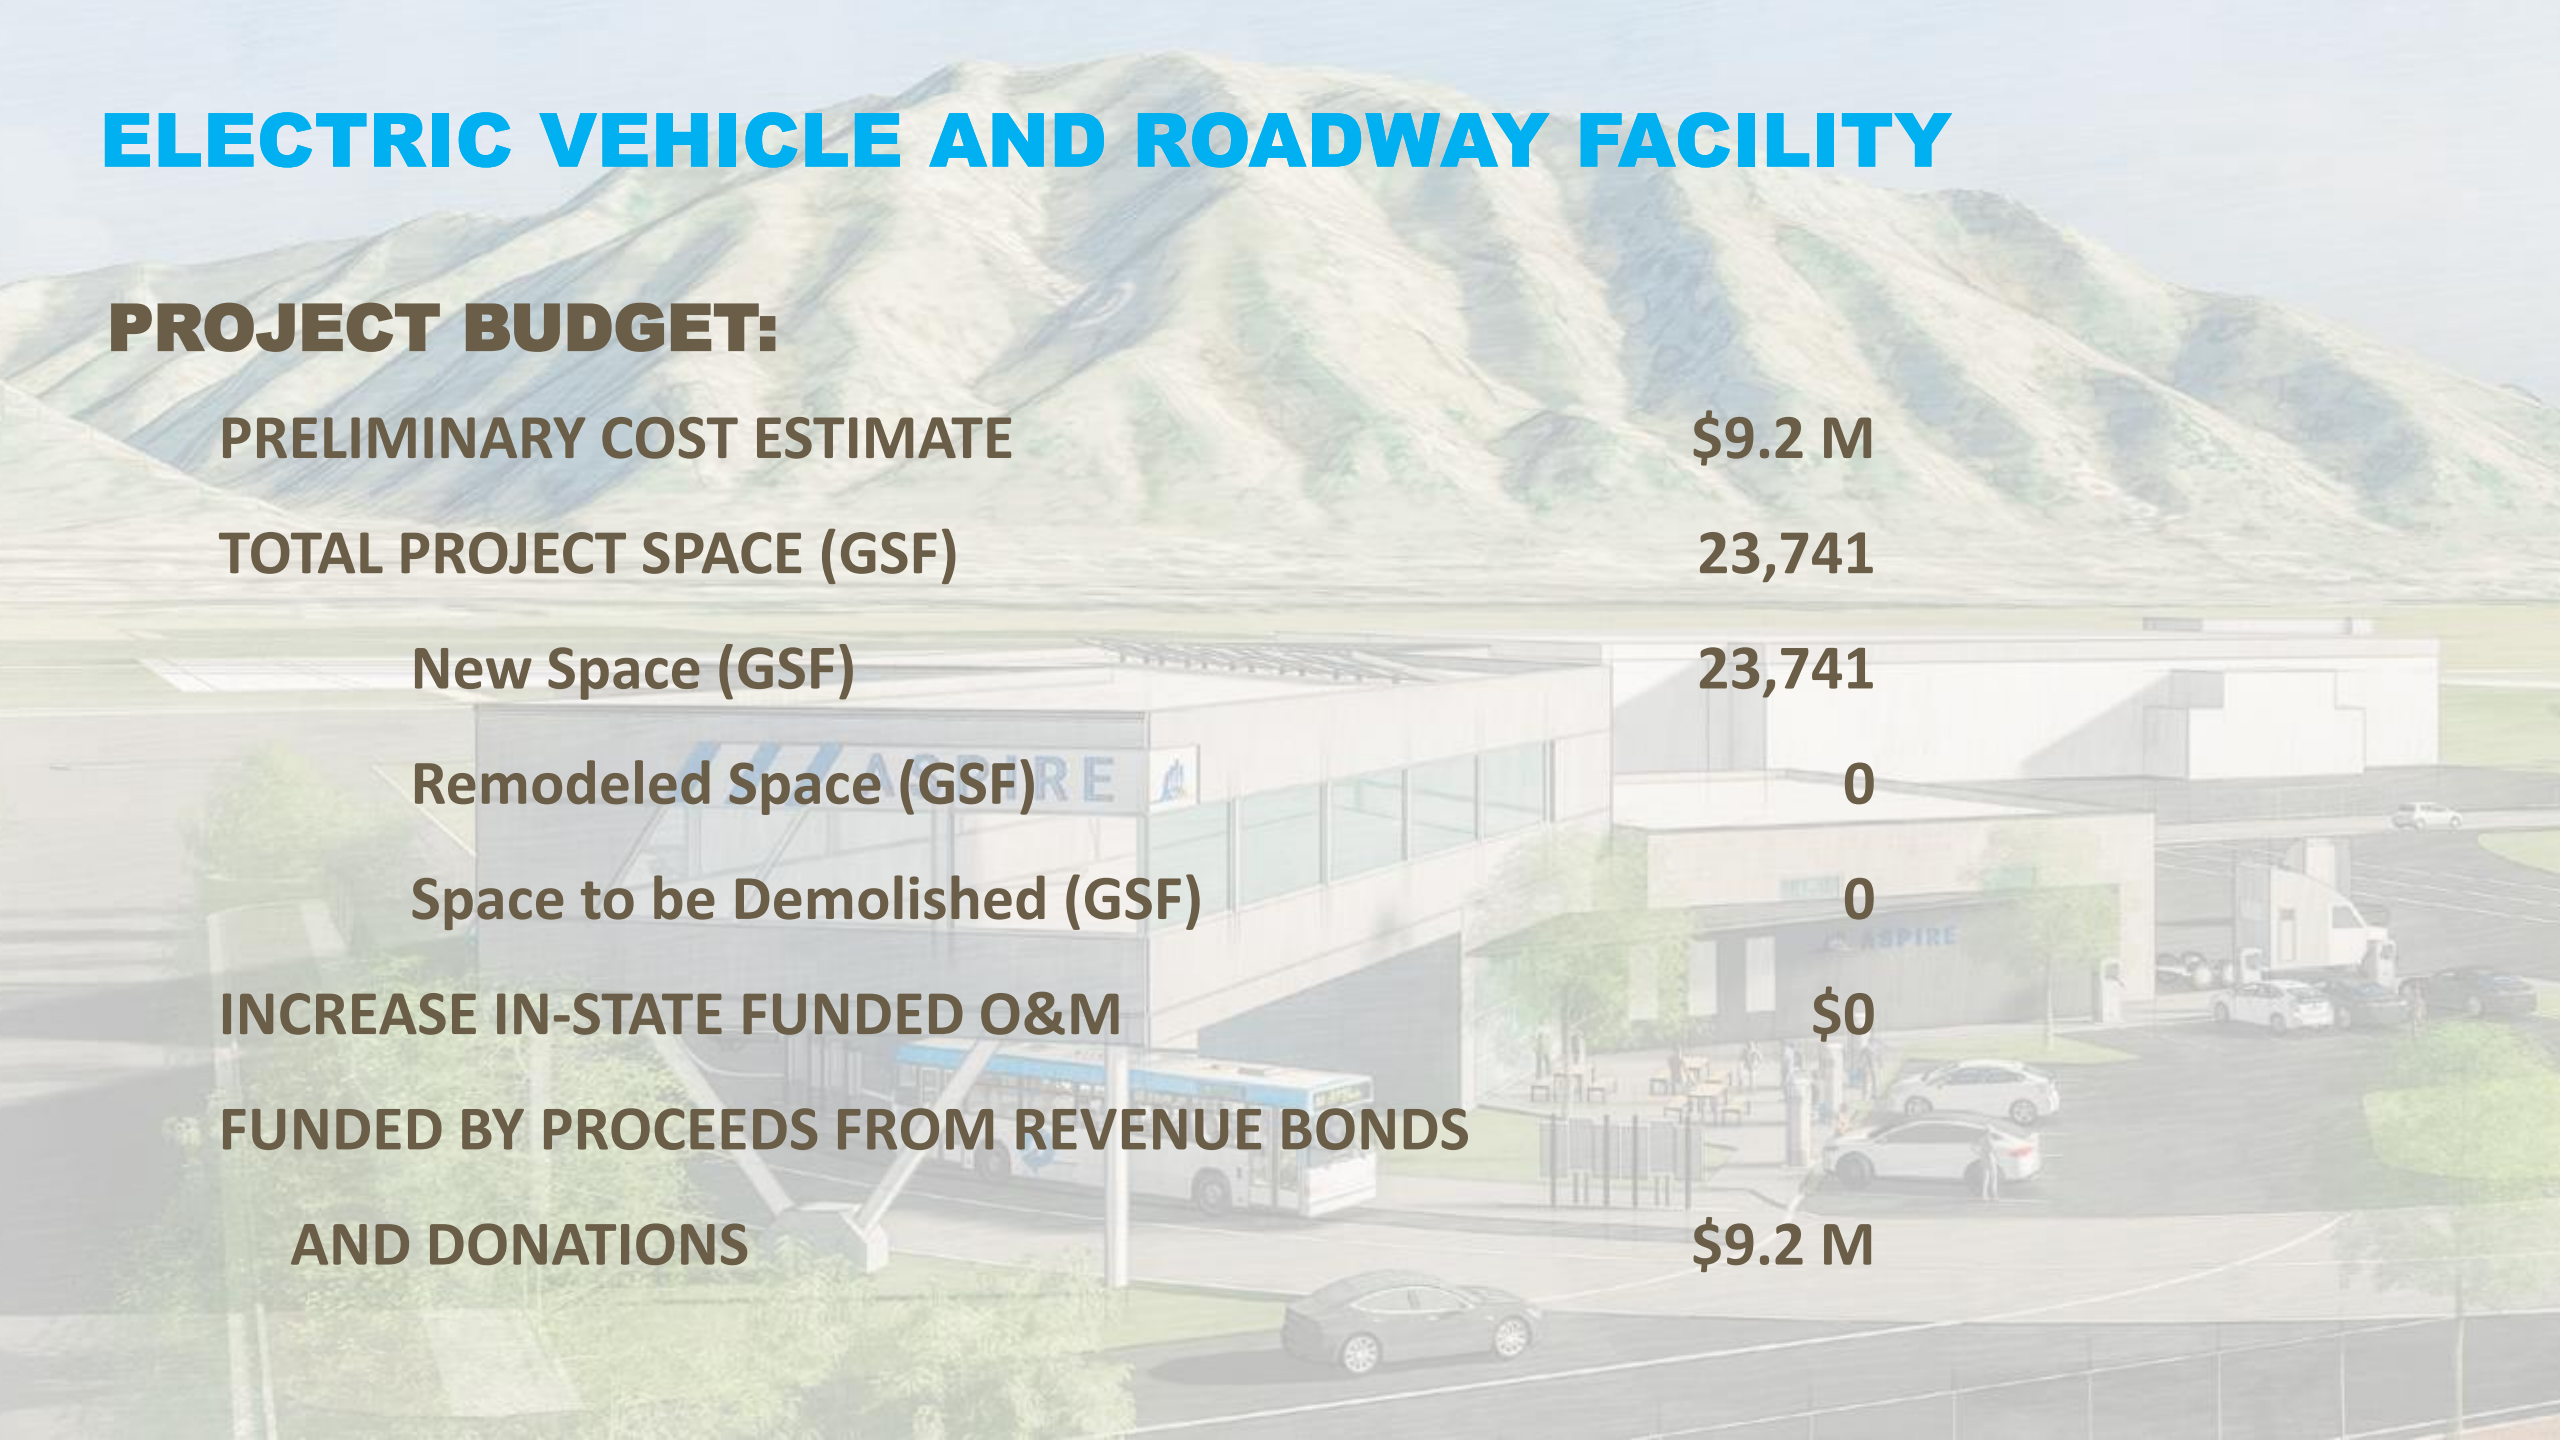

- Construction of additional high bay laboratory space to accommodate more and larger vehicles.

*Birdseye view from entry*
